

SHADE FABRIC
INCLUDING THE EXCLUSIVE MAYFIELD®
COLLECTION

WORLD OF
AWNINGS
& CANOPIES

Design wide open. Seeing an outdoor space for what it can be means taking inspiration from the scene around it. Pick up on color cues to create seamless transitions from home to horizon. And seasonal changes may beg for some refreshing twists.

Decorative Shade Fabrics

The new Sunbrella Decorative Shade Collection will change how you think about shade structures. You can now have the beauty of a jacquard pattern, the sheen of a coated yarn or the peace of mind that goes along with a fabric that contains 50% recycled content. Fabrics in the Sunbrella Decorative Shade Collection provide varying amounts of protection from the elements.

Unity Char
85002-0000

Unity Granite
85001-0000

Unity Garnet
85004-0000

Unity Leaf
85003-0000

Unity Ashe
85000-0000

Unity is the first recycled Sunbrella shade fabric. Crafted for shade applications where subtle texture and distinctive detail creates a timeless charm, Unity is ideal for decorative shade applications. Due to the nature of recycled content, Sunbrella Unity fabrics may exhibit significant color variation.

100% Sunbrella® acrylic (50% recycled Sunbrella).

NEW
Alloy Silver
4401-0001

NEW
Alloy Bronze
4401-0002

NEW
Alloy Vapor
4401-0000

Alloy features a high tech metallic look that filters light and allows water to pass through. It is intended for structures where the need for an architectural aesthetic outweighs the need for complete protection from the elements.

Alloy is made using 11.4% Sunbrella acrylic, 63.9% PVC, 24.7% polyester.

Fundamental Charcoal **NEW**
4400-0000

Fundamental Sand **NEW**
4400-0001

Fundamental Walnut **NEW**
4400-0002

Fundamental is a new decorative shade fabric designed specifically for upscale, highly decorative applications. The houndstooth pattern creates a unique visual appeal and is ideal for decorative shade applications.

Tailor the light to your liking. A colorful awning can add a dash of eye-catching character to your home. And not just from the outside, an awning can also act as an extension to your window treatments beautifying the inside of your home as well. With this in mind consider the underside of the awning fabric so your home will look stunning from every angle.

The Mayfield Collection. Designed for upscale outdoor living environments, the Mayfield Collection of Sunbrella® shade fabrics is available exclusively from Trivantage®. This beautiful collection of sophisticated patterns and colors combines a premium aesthetic with the legendary performance and durability of Sunbrella. Classic designs in refined colors and wider repeats add style and elegance to any shade structure.

Coordinating shade fabrics with furniture is an effective way to elevate the appeal of shaded outdoor living spaces. Mayfield is designed to work with Sunbrella upholstery fabrics, including the Sunbrella Fusion collection also available exclusively through Trivantage. There are perfect combinations of Sunbrella shade and upholstery fabrics for every outdoor room.

Care and cleaning. One of the best ways to keep Sunbrella fabrics looking good and to delay the need for deep cleaning is to rinse regularly with clear water to help prevent dirt from becoming deeply embedded in the fabric.

Sunbrella fabrics can be cleaned while still on a shade structure or boat top.

- Simply brush away loose dirt
- Rinse and clean with a mild, lukewarm soapy solution
- Rinse thoroughly and allow to air dry

For detailed instructions on cleaning and caring for your Sunbrella shade and marine fabrics, visit sunbrella.com/cleaning.

Sunbrella limited warranty. We stand behind our fabrics with a guarantee that's the best in the industry: a 10-year limited warranty for shade and marine fabrics and a 5-year limited warranty for specialty and decorative shade fabrics.

For detailed warranty information, visit sunbrella.com/warranty.

**10
YEAR**
LIMITED WARRANTY

THIS WARRANTY COVERS

Sunbrella Shade and Marine Fabrics

Performance improvements introduced November 1, 2008 allowed Glen Raven to increase the warranty period for Sunbrella fabrics. For installations on or after November 1, 2008, the warranty coverage period is 10 years from the original purchase date. Glen Raven will provide replacement fabric at no cost during years one through eight; at the then-current selling price less a 15% discount during the ninth year; and less a 30% discount during the tenth year.

This warranty applies to the original purchaser of Sunbrella fabric and protects against Sunbrella fabric becoming unserviceable due to color or strength loss from normal usage and exposure conditions, including sunlight, mildew and atmospheric chemicals.

This warranty covers Sunbrella fabric only. This warranty does not cover normal care and cleaning; damage from misuse or abuse; improper installation; or costs associated with replacement of the fabric, including labor and installation. Glen Raven's liability is expressly limited to this warranty. Glen Raven reserves the right to inspect the fabric submitted for claim. Glen Raven will supply new equivalent fabric to replace the fabric that becomes unserviceable.

Reduce your energy costs with Sunbrella shade fabrics. An awning will keep your energy costs down by blocking the sun's heat in warmer months. The American Society of Heating, Refrigeration and Air-Conditioning Engineers has shown that an awning can reduce solar heat gain by 55-65% on southern-facing windows and 72-77% on western exposures reducing home cooling energy consumption by up to 60%.

Sunbrella® and the Environment. The Sunbrella team is committed to consistently and creatively conducting business in an environmentally responsible manner.

<p>Sunbrella durability</p> <p>Because Sunbrella fabrics last longer, people use less fabric and generate less waste as compared to other fabrics that might fade, lose strength or succumb to mildew and atmospheric chemicals.</p>	<p>Skin Protection</p> <p>The Skin Cancer Foundation recommends Sunbrella fabrics in shading products as an aid in the prevention of sun-induced damage to the skin as a part of a complete sun protection regimen, including regular use of sunscreen.</p>	<p>GREENGUARD GOLD Certified</p> <p>Sunbrella fabric has achieved GREENGUARD GOLD Certification. Sunbrella fabrics are certified by GREENGUARD as contributing to healthy indoor air quality by being a very low emitting interior product.</p>	<p>Reducing our carbon footprint</p> <p>Projects such as the installation of a 500-kilowatt solar panel system at our Norlina Plant and the upgrade of all lighting fixtures in three warehouses reduce annual CO² emissions by over 1,000 tons.</p>
<p>ISO 9001 and ISO 14001</p> <p>Our ISO 9001 Quality Management and ISO 14001 Environmental Management certifications demonstrate commitment to providing exceptional products and services while recognizing our environmental responsibilities.</p>	<p>Wastewater reduction</p> <p>Our unique coloring process eliminates the harmful chemical effluents of conventional dyeing processes and greatly reduces the amount of water used to make our fabrics.</p>	<p>Zero landfill</p> <p>For over 30 years, Sunbrella has recycled its industrial wastes such as yarn, fabric and packaging. In 2010, we challenged ourselves to do even better, and as a result Sunbrella fabrics' five U.S. manufacturing facilities send absolutely no waste to the landfill.</p>	<p>Sunbrella Renaissance fabrics</p> <p>Sunbrella Renaissance fabrics combine up to 50% post-industrial recycled Sunbrella fiber with virgin Sunbrella fiber to achieve vintage charm, rich coloration, soft feel and excellent performance.</p>

Sunbrella offers recycling service to customers. Sunbrella provides a unique way for customers and consumers to recycle Sunbrella fabrics through a revolutionary take-back program called "Recycle My Sunbrella." For more information on our continuing commitment to sustainability and the environment, visit www.recyclemysunbrella.com.

Sunbrella Fundamental, Crest, Silica, Tweed and Canvas fabrics are 100% Sunbrella acrylic.

Sunbrella fabrics are non fire retardant. Do not expose to extreme heat or fire.

Other Sunbrella Products

Sunbrella Plus (10oz)
Black 8408-0000

A traditional Sunbrella shade and marine fabric with a durable polyurethane undercoating for superior water resistance. Sunbrella Plus uses standard Sunbrella colors for easy color coordination and is ideal wherever water resistance is critical.

Sunbrella Clarity (10oz)
Black 83008-0000

For shade applications that need to look their best but won't get regular cleaning, Clarity features a durable water-resistant polyurethane undercoating and a special finish that uses sunlight and rain to remove organic contaminants and stains such as streaks caused by roof run-off.

Sunbrella Supreme (12.5oz)
Black with Linen Flock 9408-0001

A luxurious, waterproof exterior marine fabric featuring Sunbrella canvas on the exterior face, and a special Sunbrella flocking on the reverse side. The unique bonding process creates a waterproof Sunbrella canvas with a beautifully soft headliner underneath.

Style the shade to enhance and romance. Shade is sunlight's creative complement and using it to stylish effect means choosing just the right shade solution. Whether you choose to design using a fixed or retractable awning, pergola, shade sail, roller shade or umbrella, you'll artfully expand your living space and create a functional transition between indoors and out.

Design considerations for creating shaded environments include fabric, color and pattern.
