Outdoor Performance

From the blistering sun of the Australian outback to the soaking rains of the Brazilian rain forests, nothing handles the changing moods of Mother Nature better than WeatherMax®.

Utilizing breakthrough UV technology, WeatherMax not only goes the distance with the long term color retention of traditional acrylic fabrics, but reaches far beyond for superior water resistance and durability. With engineered yarn memory, WeatherMax always maintains a sophisticated appearance and never exhibits unsightly sagging from age, rain or exposure. Our HydroMax finish means no coatings for a cleaner environment and an excellent breathable fabric, for outstanding mold and mildew resistance. WeatherMax, a perfect balance of science, toughness and elegance combined to battle the elements and provide the finely balanced outdoor fabric you've been wanting...but couldn't get. Until now.

"WeatherMax has proven to be a great product for PorterCorp. In fact, it's now our standard weather proof fabric. As a result of WeatherMax's quality, strength, and ease of sewing, PorterCorp is gaining access into new markets. WeatherMax is lightweight, very rugged and maintains its shape on a wide variety of frames under very challenging conditions and diverse climates. And, the color stability is outperforming the better known fabrics."

WeatherMAX
What Fabric Can Do™

WeatherMax 80

Super high strength and durability combine with long-term color retention to deliver a truly versatile outdoor fabric for a variety of applications. The industry's most balanced and cost-effective fabric available for marine covers and tops, awnings, or other outdoor applications requiring outstanding durability, higher water repellence and excellent breathability.

5-Year limited warranty

WeatherMax LT

High strength and the same inherent fade resistant properties found in our WeatherMax 80 fabric, all packed into a true lighter weight fabric. The perfect choice for patio furniture covers, equestrian covers, or other applications where lightweight and ease of packing offer an advantage.

3-Year limited warranty

WeatherMax FR

The proven performance of our innovative WeatherMax 80 fabric combined with flame resistance properties that meet or exceed the most stringent requirements. WeatherMax FR is ideally suited for awnings, tents, or any outdoor application requiring resistance to heat and flames, long-term color retention and superior protection from the elements.

5-Year limited warranty

Colorfastness AATCC 169 option 1 (1500 hours – scale 1 to 5)	4 - 5	4 - 5	4 - 5

Care Instructions

WeatherMax fabrics may be spot washed by using a soapy solution of a mild detergent and lukewarm water. Rinse thoroughly with clean water to remove soap and allow to air dry. For mildew stains, prepare a solution of one (1) cup bleach plus (1/2) cup of mild detergent per gallon of water. Spray on the entire area and allow soaking. Rinse with clean water and allow to air dry.

WeatherMax Warranty

The limited warranty covers only the fabric being unserviceable because of loss of strength and/or color from normal conditions of exposure. That includes sunlight, mildew and atmospheric chemicals. Labor and installation supplied by the fabricator and/or installer are not covered. The consumer is responsible for normal care, cleaning and maintenance of the fabric.

- The warranty runs for 5 years from the date of original purchase for WeatherMax 80.
- The warranty runs for 5 years from the date of original purchase for WeatherMax FR.
- The warranty runs for 3 years from the date of original purchase for WeatherMax LT.
- SCFTI will supply new fabric, free of charge, to replace the unserviceable fabric.
- Call your dealer who will contact SCFTI to request fabric replacement.
- A valid copy of the original invoice, showing date of purchase, is required for fabric replacement.
- This warranty gives you specific legal rights and you may also have other rights which vary from state to state.
